

BROOK'S PHARMACY

J. F. BROOKS, Prop.

Hendersonville, North Carolina

*I have opened a Drug Store, with everything Fresh
and New*

There are no old drugs in stock which have lost their virtue due to age.

Bring me your prescriptions and I will give them my personal attention. I have had twenty years experience in the drug business and I know the business—thoroughly.

Ask your doctor and see what he says.

I don't care who your physician is, I want to be your druggist.

Most of you know me as I have been associated with every drug store in Hendersonville as prescriptionist.

Besides twenty years' experience I studied my profession at the

University of North Carolina and passed an approved examination before the State Board of Pharmacy in 1899, and have been in the service since. My place is clean and sanitary.

A new innovation Soda Fountain that shall be kept in sanitary condition.

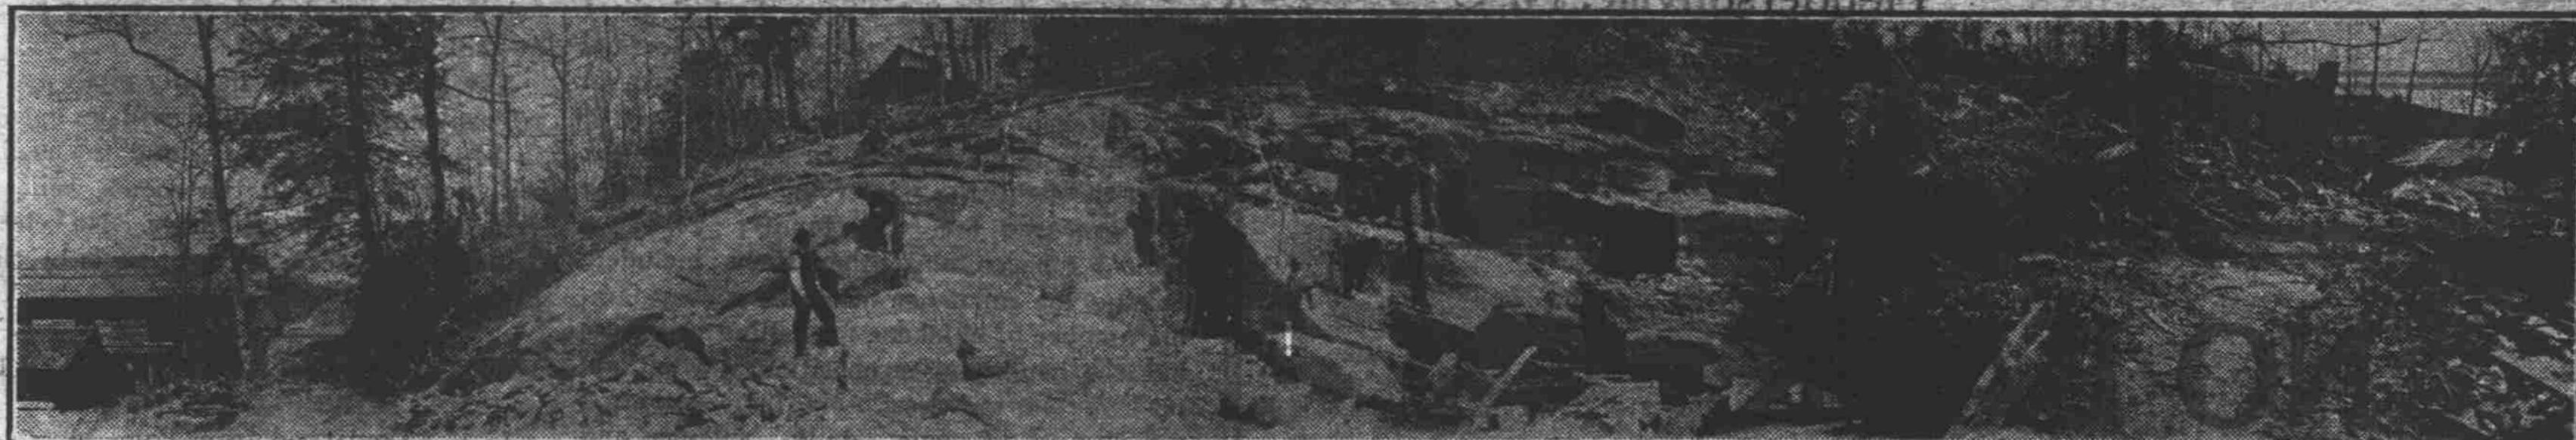

Your patronage will be appreciated and you may expect efficient and courteous treatment here.

And the same applies to your children.

Hoping to receive a portion of your patronage at least, I am,

Very truly yours,

J. F. BROOKS
